

8 March 1978

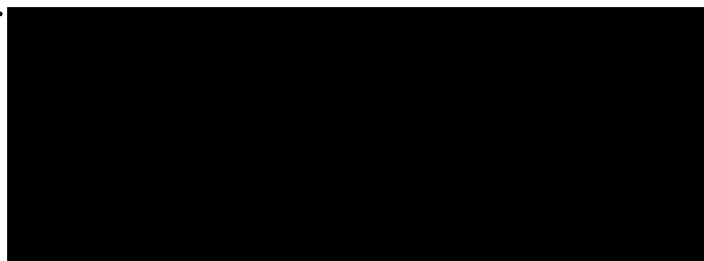

MEMORANDUM FOR: See Distribution

FROM : Associate Coordinator for Academic Relations
and External Analytical Support

SUBJECT : University Presidents' Visit on March 10

1. Attached is the schedule for the visit this Friday by three university presidents. Martin Woodin of LSU, John Hogness of the University of Washington, and Henry King Stanford of the University of Miami (Florida) will participate. Jerome Wiesner of MIT informed us yesterday that unforeseen developments at the university now make it impossible for him to attend.

2. The visitors have been cleared for SECRET briefings. In his introductory session with them, Admiral Turner plans to inform the presidents of our desire to share classified data with them and to make certain that they do not object.
